It also gives effect to the principle of transparency as required by sections 215 and 216 of the Constitution.

The Council of the municipality, in adopting this policy on credit control and debt collection, recognises its constitutional obligations as set out in Chapter 7 of the Constitution and Chapter 9 of the Municipal Systems Act, Act No. 32 of 2000, to develop the local economy and to provide acceptable services to its residents. It simultaneously acknowledges that it cannot fulfil these constitutional obligations unless it exacts payment for the services which it provides and for the taxes which it legitimately levies in full from those residents who can afford to pay, and in accordance with its indigence relief measures for those who have registered as indigents in terms of the Council's approved indigence management policy.

PART 14 - CREDIT CONTROL AND DEBT COLLECTION OF COUNCILOR ACCOUNTS

The Local Government Laws Amendment Act (No 51 of 2002) states that Municipal Councillors may not be in arrears to the municipality for rates and services for a period longer than 3 months. In addition, in terms of the Municipal Finance Management Act (No 56 of 2003), S124(b).

PART 16 - INDIGENCY MANAGEMENT

In regard to the payments expected from registered indigents, and the credit control and debt collection actions contemplated in respect of such residents, this policy must be read in conjunction with the municipality’s approved policy on indigency management.

PART 17 UNCOLLECTABLE ARREARS

17.1 The effective implementation of the present policy also implies a realistic review of the municipality’s debtors book at the conclusion of each financial year. The municipal manager shall as soon as possible after 30 June each year present to the council a report indicating the amount of the arrears which it is believed is uncollectible, together with the reasons for this conclusion.

PART 20 ROLE OF MUNICIPAL MANAGER

20.1 Section 100 of the Municipal Systems Act 2000 assigns the legal responsibility for implementing the credit control and debt collection policies and by-laws to the municipal manager.

20.2 In practice, however, the municipal manager will inevitably delegate some or many of the responsibilities specifically assigned to this office in the by-laws, as it will be administratively impossible for the municipal manager to perform the numerous other functions of this office as well

as attend to frequently recurring administrative responsibilities. However, such delegation does not absolve the municipal manager from final accountability in this regard, and the municipal manager will therefore have to ensure that a proper internal reporting structure is established and consistently implemented so that the day-to-day actions of and results from the credit control and debt collection programme are properly monitored and supervised.

- 20.3 It is also an integral feature of the present policy that the municipal manager shall report monthly to the executive mayor or the executive committee, as the case may be, and quarterly to the council on the actions taken in terms of the by-laws, and on the payment levels for the periods concerned. Such reports shall, as soon as practicably possible, provide the required information both in aggregate and by municipal ward.
- 20.4 In addition, such monthly report shall indicate any administrative shortcomings, the measures taken or recommended to address such shortcomings, and any actions by councillors which could reasonably be interpreted as constituting interference in the application of the by-laws.
- 20.5 Notwithstanding all the foregoing references to the accountability of the municipal manager in regard to these by-laws, it is incumbent on all the officials of the municipality, certainly all those who are at management level, as well as more junior officials who are directly or indirectly involved with the community and the municipality's general customer relations, to promote and support both this credit control and debt collection policy and the application of the attendant by-laws. The responsibilities of all officials include reporting to the municipal manager any evident breaches of these by-laws, whether by members of the community, other officials or councillors of the municipality.

PART 21 - ROLE OF COUNCILLORS

- 21.1 Section 99 of the Systems Act 2000 places the important legal responsibility on the executive mayor or executive committee, as the case may be, of monitoring and supervising the application of the present policy and the attendant by-laws, and of reporting to the council on the extent and success of credit control actions.
- 21.2 The present policy further recommends that the municipality's ward committees be actively involved in implementing the credit control and debt collection programme, and should therefore receive monthly reports on the status of the municipal manager's credit control actions. The ward committees must also actively promote the present policy, and ensure at the same time that the municipality's customer relations are of a standard acceptable to the community.
- 21.3 In order to maintain the credibility of the municipality in the implementation of the present policy and the attendant by-laws, it is essential that councillors should lead by example. Councillors, by adopting this policy, therefore pledge, not only their unqualified support for the policy, but their commitment to ensuring that their own accounts will at no stage fall into arrears.

PART 22 - CLEARANCE CERTIFICATES

Before any property can be transferred from one owner to another, all arrears are payable, where after the Chief Financial Officer issues a certificate to that effect. No transfer can take place without such a certificate.
