HOW DOES THE WHISTLEBLOWING HOTLINE WORK?

- Anyone can contact the Whistleblowing Hotline.
- Trained operators respond to all international and local calls in English 24 hours a day.
- The information is then sanitized so that when the tipoff report is fed back to senior management, there is no trace of who made the call.
- The Municipality and Whistleblowing Hotline will never reveal the identity of the caller and you don't have to give your name.
- Please include as much information as possible in your message.
